## CHARMING WEDDING AT ST. CLAIRE HOME

Miss Ruth St. Claire, the only daughter of Mr. and Mrs. H. B. St. Claire and Henry Rieger, were married at eight o'clock last evening at the home of the bride's parents, 2221 West Jefferson street. The immediate relatives and closest friends witnessed the ceremony that was impressive in its dignified simplicity. The service was read by Dean Scarlett of the Trinity Pro-Cathedral.

The house throughout was decorated in a charming floral expression of pink and white. The living room was especially attractive in a wealth of fragrant roses, carnations and ferns. The mantel was banded in leathery asparagus fern studded with rose buds and here and there in nooks and corners were graceful clusters of roses and greenery. The bridal bower of ferns and flowers held a wedding bell of pale pink carnations, the whole forming an effective background for the wedding party. The bride, who was given away by her father, wore a fetching frock of white tulle and carried a shower bouquet of bride's rose buds. She was unattended.

Laurence Harrison acted as Mr. Rieger's best man. Preceding the ceremony, Miss Essie Harrison, a life long friend of the St. Claire family, sang "At Dawning" and "One Fleeting Hour." The young people will pass their honeymoon at the Grand Canyon and will be at home at 1809 West Jefferson street after November 1. Mrs. Rieger has lived in Arizona since childhood, the family to which she belongs ranking among the prominent early settlers. She was educated at the Los Angeles state normal school and for the past three years has been connected with the teaching force of the Phoenix public school. She has an unusually sweet personality that has endeared her to a large circle of friends. Mr. Rieger is connected with the city engineering department. He came to Arizona three years ago from Kansas City. His father who is a prominent attorney and an extensive property holder of Kansas City, came west for the wedding.

## SEEK IMPROVEMENT OF CANAL CROSSING

In order to get action on the matter of a bridge or siphon for the Maricopa canal, where it crosses Central avenue, near the Indian school, the chamber of commerce has appointed a committee, to confer with the reclamation service and the property owners.

George A. Olney has been made chairman of the committee, which includes Fred A. Woolsey, J. B. Brown and Gordon Twined. The crossing of the Maricopa canal is the only unpaved or unimproved stretch of Central avenue between the Country Club and the southern city limits. In the recent wet weather, it proved an annoying interruption of the usual fine sailing.

## COUNTY FAIR MEN WORK ON EXHIBITS

Secretary T. D. Shaughnessy, of the state fair commission is in receipt of a letter from J. F. Nicholson, Agronomist of the University of Arizona, and superintendent of the Arizona state fair agricultural department stating that the county fair commissioners are writing enthusiastically of their success with the farmers and that they are meeting with the most hearty co-operation on the part of the growers.

"I find," said Mr. Nicholson, "that all our agricultural societies in the state are backing up their county fair commissioners and are determined to win the grand county prize at the state fair this fall. The new department of judging all the exhibits on a score card basis is meeting with the most cordial approval. The counties see in this an opportunity for absolute fair play. There is no doubt but what under this system the county entitled to the prize will receive it; no judge could possibly go astray in following the score card. In my trips through the state, I am constantly meeting with individuals whom I find are very much interested in the state fair and I take every occasion to point out the good work being done through the state. I am constantly increasing the interest already displayed."

There will undoubtedly be lively competition between Yavapai, Yuma, Maricopa, Pinal and Graham counties for the blue ribbon county display and the grand prize this year.

## SEPTEMBER WILL BE RECORD PAIGE MONTH

Enough orders have already been filed at the factory of the Paige Detroit Motor Car company to assure the smashing of the September sales record as set by the factory in August. The record for the month of August was broken when more than \$2,000,000 worth of cars were sold and delivered, sales manager Henry Krohn reports.

The demand for the Paige "46" continues insistent and it has proved to be by far the most popular model we have ever put out," says Mr. Krohn. The continued demand and the fact that the Paige factory is planning on production have enabled us to make new Paige records for monthly business.

Evidence of this exceptional popularity of the Paige is found in several huge orders that have recently come in. For example, Milwaukee last Saturday wired for a solid train load of Paige cars. Before the week is over the long train will be made up and will be on its way to Wisconsin.

The McKinney Cord Motor company, report that their ability to anticipate the demands that the market would place upon them has not been so good as that of the manufacturer as they are now ten days behind in their orders even though they are receiving two carloads of this popular car per week.

## BONE GAINS FIVE VOTES IN CANVASS

J. T. Bone made a gain of five votes yesterday over T. M. Burroughs, in the race for democratic nomination for county assessor. In canvassing the returns from Phoenix 19, 85 votes were given Burroughs and the number should have been 60. As the figures now stand, Bone leads with a majority of twelve, according to the official count of the board of supervisors. This was the only material change made yesterday. There are still twelve precincts to be counted, and until this work is completed the board will transact no other business. The routine business set for last Monday has gone over indefinitely.

## SHORT MARRIED BLISS OF THE LOUIS

Three weeks after Leib A. Louis married, he tired of supporting his wife. He not only stopped giving her his wages, but insisted that she support him. When she went into business and lost her money, he found her a position and continued to let her bear the burden.

"He frightened me into supporting him," said Mrs. Salma Louis in the divorce court yesterday. "Whenever he wanted money, he said if I did not give it to him he would make away with himself. No, he did not spend it on me, but would go to hotels and live well on what I had earned. I'm tired. If I have to work, I'll work for myself, but not for a husband."

Judge Stanford granted the decree.

## MESA STORES GET STOLEN MERCHANDISE

Mesa merchants yesterday recovered the stock stolen from them several weeks ago by a quartet of Mexicans, who planned to take the plunder across the line to outfit Carranza's soldiers. From the southside shops the men secured suits, underwear, gloves, shoes by the dozen dozens, and made for Tucson where they were taken into custody. When they appeared before Judge Stanford they admitted their guilt, stating that their plan had been to go to Mexico with the loot. The four men, Andrs Ochova, Jesus Romero, Jose Valdez and Felix Michel, were taken to Florence.
